

# BEFORE THE FLOOD

How to prepare

Floods can happen anywhere, anytime. Being prepared can save lives and reduce damage to your property. This module will guide you on how to prepare before a flood strikes. Let's learn how to stay safe!

## Know the Warnings

Understanding weather alerts and flood signals is crucial. Here's a breakdown of what you need to know:

- **Weather Alerts:**
  - **Advisory:** Expect specific weather conditions (e.g., strong winds, heavy rainfall).
  - **Warning:** Hazardous weather is imminent or occurring. Take action!
- **Flood Signals:** (Issued by local authorities)
  - **Signal #1:** Prepare for possible flooding.
  - **Signal #2:** Expect flooding; evacuate low-lying areas.
  - **Signal #3:** Severe flooding is occurring; immediate evacuation needed.
- **PAGASA Advisories:** Stay updated with the latest information from PAGASA (Philippine Atmospheric, Geophysical and Astronomical Services Administration).

## Household Preparation Guide

Assemble an emergency supply kit with the following essentials:

- **Food:** Non-perishable items (canned goods, dried fruits, etc.) for at least 3 days.
- **Water:** At least 1 gallon per person per day for drinking and sanitation.
- **Flashlights:** With extra batteries.
- **Important Documents:** In a waterproof bag (identification, insurance, medical records).
- **First Aid Kit:** Bandages, antiseptic wipes, pain relievers, etc.
- **Whistle:** To signal for help.
- **Radio:** Battery-powered or hand-crank to receive weather updates.
- **Medications:** A supply of any prescription medications.

# Family Safety Plan

Create a family safety plan. Fill in the following information:

- **Emergency Contacts:**
  - Name:
  - Phone Number:
  - Name:
  - Phone Number:
- **Meeting Point:** (Where will you meet if separated?)
- **Items to Bring:** (List essential items each family member should carry).

Practice your family plan regularly. Make sure everyone knows the evacuation routes.

# Reflection

List 3 things your family can do to prepare for a flood:

Being prepared can make a big difference. Talk to your family about flood safety today!
